

SOMERSET ACADEMY
— TEXAS —

Child Nutrition Services Advisory Council

Purpose: The Somerset Academy of Texas Child Nutrition Services Advisory Council is comprised of charter administrators, parents, students, child nutrition staff and Food Service Management Company (FSMC) staff. The purpose of the council is to advise in the areas of menu creation, food quality, student menu acceptance and customer service. Meetings will be virtual. The Council's main objective is to continually improve services, quality, flavors and acceptance.

Somerset Academy of Texas Child Nutrition Services is **seeking Council Advisors**. Do you have suggestions, comments, concerns or questions about our breakfast and/or lunch menus? Do you have questions about how menus are created, federal nutritional requirements, rules and regulations of child nutrition services or why our department operates the way it does? Come be part of our Advisory Council. We want your feedback!

The Council will meet annually or more often if needed.

Please contact **Mike Jones, Director of Child Nutrition Services** for Somerset Academy of Texas schools at mike.jones@somersetacademytx.org for upcoming meetings and Council membership requests.

Thank you!

Mike Jones
